- 2. Protect the health, safety and welfare of District and Amenity Facilities Staff.
- 3. Protect the Amenity Facilities from damage.
- 4. Protect the Amenity Facilities Staff's ability to comply with all local, state and federal guidelines.

Expulsion of Homeowner, Resident, Guest, and/or User from District premises shall be at the discretion of the District's Field/Operations Manager, District Manager, Amenity Facilities Staff, or the Board of Supervisors, resulting from:

- 1.

 Homeowners, Residents, Guests, Users, District Staff, Amenity Facilities Staff, and/or District property.
- 2. Commission of a criminal act occurring on District premises.

Such physical expulsion from the premises shall be undertaken only by local Sheriff's deputies and not District or Amenity Facilities Staff, or a member of the Board of Supervisors. For these purposes, District's Field/Operations Manager, District Manager, and the on-duty members of the Amenity Facilities Staff are hereby delegated the authority to execute a trespass notice adequate to cause the Sheriff's Department to expel the offending person. In response to any violation of the rules, regulations, policies and procedures specified herein, including, but not limited to, those set forth in the preceding paragraph, the District shall follow the process outlined below with regard to suspension or termination of a Homeowner's, Resident's, Guest's, or User's privileges to use the amenity facilities:

 First Offense – Issuance of either a Verbal or a Written Warning by Amenity Facilities Staff of policy violations. After the initial Verbal or Written Warning, a follow-up written summary by the Management Staff shall be transmitted to the CDD office. The summary shall describe the alleged offense in sufficient detail and shall also state whether the matter is considered to have been resolved at the time of the warning. After the time of such transmittal, the summary shall be reviewed by the Chairman of the Board of Supervisors, or his designee, to determine what, if any, additional action shall be taken. The Chairman or his designee may make such investigation or inquiry as may be necessary to determine any further course of action, including efforts to resolve the matter through informal means. At the discretion of the Chairman or such designee, the matter may be

VillaSol CDD Recreational Policies rev. 20182021

considered settled at that time, or further action may be required. The Chairman, or his designee, may at that time determine to deliver a written warning (a "Notice of First Offense"), which shall be sent by such designee or the District Manager by certified mail to the resident's mailing address on file. (The Notice of First Offense may not necessarily occur immediately at the time of the violation, due to frequent, past instances of offender's refusal to provide his or her name or contact information to Staff.) The Notice of First Offense shall have a term of sixty (60) However, if the Chairman or his designee believes that a longer term is warranted, the matter may be referred to the Board of Supervisors, which may, by action taken at a Board meeting, elect for the Notice of First Offense to have a longer term. Notwithstanding the foregoing, in the event that the First Offense falls within the scope of conduct described above under "Expulsion from Premises," no warning shall be necessary prior to contacting the Sheriff's Department and issuing the trespass notice described above. If the offense involves interference with the integrity of the guardhouse policies, the Board may elect to suspend the offender's right to register names with the guardhouse or make use of automatic call boxes to permit entry remotely at gates.

- 2. Second Offense In the event that a second violation of the rules regulations and procedures set forth herein occurs during the effective term of an existing Notice of First Offense, or in the event that more than one Notice of First Offense has been delivered to the offender during the twelve (12) month period immediately preceding the offense, the offender shall be subject to suspension of all Amenity Facilities privileges by District Manager or the Board of Supervisors until further notice, for a period of up to ninety (90) days. Again, confirmation of this action shall be sent by certified mail to the resident.
 - A written report shall be provided by the Management Staff and a final decision relating to the final term of suspension of privileges shall be made by the Board of Supervisors either within one (1) month of the incident or by the next Board of Supervisors meeting, whichever comes first.
- 3. Third Offense Automatic suspension of all Amenity Facilities privileges for a minimum of ninety (90) days, with confirmation sent to the resident by certified mail. At the next Board of Supervisors meeting, a written account of all previous offenses shall be submitted by Management Staff and shall be reviewed by the Board of Supervisors, with possible suspension of privileges beyond ninety (90) days, including possible termination of the Patron's, House Guests and Daily Guests privileges for one (1) or more years.
- 4. Unauthorized Use/Vandalism of Amenities Facilities Persons who trespass on the Clubhouse property or otherwise enter the Clubhouse without authorization when it is closed are subject to suspension for up to one (1) year of all Amenity Facilities privileges *without* a prior warning notice.
- 5. Vandalism on Amenities Facilities Persons who commit vandalism on District property are subject to suspension for up to one (1) year of all Amenity Facilities privileges without a prior warning notice. In addition, persons who commit vandalism on District property shall be charged a fee in accordance with section 190.035, Florida Statutes, in an amount equal to the cost to restore the District's property to the condition it was in prior to the vandalism, plus any applicable administrative and/or legal expenses. Notwithstanding anything to the contrary in

VillaSol CDD Recreational Policies rev. 20182021

Formatted: Font: Bold, Italic

these Rules, any suspension invoked pursuant to this section shall continue until this fee is fully paid.

Note 1: Should a Homeowner, Resident, Guest, and/or User ignore or otherwise violate his or her suspension of privileges by such behavior as continuing to attempt to use the amenity facilities, Amenity Facilities Staff has the authority to call the Sheriff's deputy to report a trespass upon the District's premises.

Note 2: Adherence to the above procedures for suspension and/or termination of district-use privileges has no bearing whatsoever on whether a Homeowner, Resident, Guest, and/or User may be physically removed from District premises, as described previously.

Note 3: Amenity Access cards will be confiscated or deactivated upon suspension and/or termination of privileges, with notification to the Management Staff.

Notification and Right to Hearing.

Upon the taking of action by the Board of Supervisors regarding the suspension or expulsion of a person from the use of the Amenity Facilities, the District Manager shall provide notice, by certified mail, of the Board's determination, at the most recent address provided by such person in the District's records. Within fifteen (15) days from receipt of such notice, the person having been suspended or expelled (the "Affected Person") may request in writing, sent by certified mail to the District Offices, that the Board of Supervisors conduct a hearing regarding the suspension or expulsion. The right to a hearing, the requirement of written notice and the address to which such notice is to be sent, shall be clearly set forth in the District Manager's notice.

If the Affected Person requests a hearing, the Board of Supervisors shall set a date and time, not later than forty-five (45) days after the written request and shall conduct a hearing regarding its decision to suspend or expel the person from the amenity facilities. The District Manager shall give written notice, by certified mail, of the date and time of the hearing. At such hearing:

The Affected Person shall have the right:

- to confront and cross-examine witnesses who appear in person at the hearing;
- to present his or her own witnesses;
- to testify in his or her own behalf and to give reasons for his or her conduct; and
- to a fair and impartial decision based on substantial evidence.

The District shall keep a record of the proceedings by tape recording or court reporter, at its option. However, if anyone chooses to appeal any decision of the Board with respect to any matter considered at the hearing, such person will need a record of the proceedings and should accordingly ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which such appeal is to be based.

VillaSol CDD Recreational Policies rev. 20182021

Formatted: Indent: Left: 1", No bullets or numbering

The conduct of the hearing shall proceed generally in accordance with the Florida Rules of Civil Procedure and Florida Evidence Code, except that the formality of the proceedings shall not be as great as that of a court proceeding. The introduction of hearsay evidence shall not be objectionable.

At the conclusion of the hearing, the District's Board of Supervisors shall, by majority vote, determine whether to uphold or modify its prior action. The Board's actions shall be read into the record at the hearing and shall include findings of fact supporting the action.

If the Affected Person wishes to appeal the determination of the Board of Supervisors, he/she may file a petition for writ of certiorari as authorized in the manner prescribed by the state appellate rules in the circuit court of the county, to review the decision of the Board of Supervisors. The court shall not conduct a trial de novo. The proceedings before the Board of Supervisors, including the testimony of witnesses, and any exhibits, photographs or other documents filed before them, shall be subject to review by the circuit court of the county. The petition together with the transcript of the testimony of the witnesses, as record of the proceedings, shall be filed in the circuit court within thirty (30) days after the pronouncement of the ruling by the Board of Supervisors to which such petition is addressed.

Criminal Prosecution:

Any person(s) who is(are) discovered violating or to have violated these Rules may be referred by the District, at the District's discretion, to law enforcement for criminal prosecution.

- Ms. Alexander answered Board questions.
- Mr. Armans informed the Board that he had visited the site and noticed the water was not being filtered before it was discharged into the storm drain. He communicated with a foreman who called someone to correct the issue. He suggested that if the Board already has CCTV trucks, it may be beneficial to TV the storm lines that are directly downstream from the project to ensure there is not a ton of soil that could become problematic in the future. He also expressed concerns about the presence of dirt stockpiles and the ability to keep the roads clean. He requested Ms. Alexander follow up on the issues.
- Ms. Alexander explained Mr. Congrove, the TOHO construction inspector, will be on-site to help address issues. - Mr. Jack Werksman expressed concerns about the lack of communication from Board members. He requested a better understanding of what the job title entails for the members elected on the Board. He noted the members do not answer emails or phone calls when contacted. He also noted future issues with the Clubhouse that might be looked at included fixing a leaking shower head in the pool area, cutting down pillars from their existing height or placing a cover on them to provide shade, fixing the nonoperational jets in the hot tub, cleaning the playground, and adding recycled pieces of tires to avoid injury to children.
- Mr. Andy Nunez addressed concerns about maintenance on the townhomes. He explained the previous owner had requested the CDD to trim the trees around the townhomes. As well, the tiles need to be pressure washed. He also noted that the gates always have an issue.
 - It was noted that the tree trimming and the tiles are an HOA issue.
- Mr. Alex Desanto suggested the Board consider a one-way for Via Otero Drive due to tight lanes. He also noted the following issues: speeding cars in the neighborhoods, numerous street cats in the community, overfilled doggie stations, extended firework noise around July 4th, and music being played after 11:00 pm.
- An unidentified speaker discussed members of the community allowing their dogs to use the bathroom without cleaning up after them.

- Mr. Clark inquired about the service outage a couple weeks ago.
 - Mr. Comas noted that the previous contractor had broken the main line and left all the section without water until 1:00 p.m.
 - Mr. Bermudez noted the contractor also left a plug inside the sewer line which caused the sewer to flood the streets. These are the reasons the contractor was replaced.

FIFTH ORDER OF BUSINESSAttorney's Report

A. Gate Service Proposals – Envera

- Ms. Wendy Wilson, a representative from Envera Systems, provided the Board with three proposals for consideration for visitor processing at the gates.
 - She explained that the 1st proposal is essentially the existing services but slightly reduces the monthly rate by \$163.
 - The 2nd option is two-button kiosk with no guard interaction unless the button to speak to the guard is pushed. The car is still filmed on camera, but there is no guard

Unapproved minutes

interaction unless requested. This proposal would save the District \$3,000 per month.

- The 3rd option is the passive surveillance option which will save considerably.
- Ms. Wilson explained that the gates are nonfunctional often because residents break them by driving through them.
- Ms. Wilson informed the Board there was a change of process earlier in the year. Videos involving incidents have to be requested. Envera found that when the videos were automatically sent, 90% of the links were never opened. Because the process is time consuming, Envera changed the policy to require requests through email for videos. She believed that some of the community management was not aware of the change in policy.
- After the last Board meeting, Ms. Wilson acquired all of the videos on file except a select few. Some states will not allow private entities to pull license plate information. She now has the system on a perpetual video pull where incident reports are automatically sent to the team to pull the video.
- Mr. Comas noted he as requested video of an incident on May 29th three times and still has not been received. The video is in reference to damage to a vehicle purportedly caused by an arm gate. The date and the time were provided to the Field Manager. Envera said there is no video of the incident.
 - Ms. Wilson said she would investigate the matter.
- Mr. Bermudez noted there was another incident where two residents claimed their vehicle tires were damaged by the spike strips, even though it had been removed.
 - Ms. Wilson assured the Board that she will personally find the videos and requested the Board send the incident reports to her.
- Ms. Wilson informed the Board that in the month of June, there were approximately 25,000 visitors that went through the gate. Assuming that the number of residents entering is three to four times more often, then residents went through the gates roughly 75,000 to 100,000 times. Due to the volume, the number of incidents will increase.
 - An audience member addressed an incident where the main iron gates were strapped open with a yellow cord by the Board due to the storm. When the straps were taken down, the residents gate started malfunctioning.

- Ms. Wilson explained Envera does not manage the swing gates.
- Mr. Comas inquired when the contract for the pool at Clubhouse would expire.
 - \circ Ms. Wilson noted that the pool contract ends September 14^{th.}
- Mr. Comas inquired if the Board could continue month to month or when a decision would have to be made about accepting/declining the proposals.
 - Ms. Wilson noted they are month to month with a 30-day notice; a decision does not have to be made until August 22nd.
- An unidentified speaker inquired about a WIFI issue and was informed that is an HOA issue.
- Mr. Nin inquired about the pool cameras.
 - Ms. Wilson noted that the cameras are on all of the time.
 - Discussion ensued about how to retrieve video footage of residents who purposefully leave the gate open.
- Mr. Clark discussed the emergency meeting that occurred a couple weeks ago about surveillance cameras. The Chairman had a \$5,000 amount to address the non-emergency which was not sufficient. He proposed a resolution that would do two things: increase the non-emergency fund to \$10,000 and create an unlimited expense for emergency issues.

Mr. Comas MOVED to adopt Resolution 2021-8, Increasing the Chairman's non-emergency authority to \$10,000 and adding an unlimited expense for emergency issues and Mr. Gosdin seconded the motion.

• Mr. Bermudez referenced a story from a few years ago where there was a storm that caused the pile-up of debris. The costs to remove the pile-up exceeded the non-emergency budget. The Board had to wait until enough members and staff were available to conduct an emergency meeting and the debris remained pile-up. Increasing the funds would give the Board the ability to take care of the community immediately.

On VOICE vote with all in favor, Resolution 2021-8 was adopted.

- Mr. Clark inquired what type of amenity rules they desire to address the recent issues. He explained that he had drafted a set of rules, but other issues had arisen in the interim that he believes would require the Board to be more comprehensive in drafting the rules.
- Mr. Bermudez suggested that they add an alarm system to the amenity center, close the parking lot after hours, and reduce the hours of the gym to 10:00 pm. Impose a suspension for those that break into the amenity center.
- Mr. Clark suggested a rule that would allow the Board the flexibility to modify the hours of the facilities at their discretion. He also proposed immediately suspending for one-year without any warning to those people involved in the break-in. He noted the original proposal that included the first, second, and third warnings apply to less severe offenses, such as breaking and entering. He requested feedback for the type of penalties the Board would prefer for more severe infractions, such as trespassing and vandalism.
- Mr. Bermudez suggested suspension of privileges for one year should be the first step and maybe a fine, if possible.
 - Mr. Clark explained that the Board does not have fining authority. However, the Board can impose an administrative fee for the staff time involved in resolving the issue. He outlined the process for events when there is severe monetary damage. The Board could seek restitution, administrative fees, and attorney fees.
 - Mr. Gosdin noted that someone inadvertently causing damage is not the same as someone purposefully causing damage.
 - Mr. Nin noted they have to do something and there has to be away to let them know they will have to pay for it.
- An unidentified speaker inquired who will reinforce the rules because historically the rules have not been reinforced.
 - Mr. Gosdin noted some things are an annoyance such as people not picking up after there dogs, but if the building burns down it is serious.
 - Mr. Bermudez noted that a detective and a law enforcement officer suggested that the District can set up paperwork with the sheriff's office that is similar to a general trespass. It would allow anyone caught in the facility after hours without authorization to be arrested immediately.

- Mr. Clark said that the rule draft looked up previously must be approved. He mentioned that in the last meeting, a motion was passed for the trespassing rule. Mr. Clark can go ahead and get with the sheriff since the Board is working through the process.
- Mr. Nin suggested a separate entrance to the gym instead of everyone coming in from the main door.
 - Concerns arose about the risks of using a back entrance to use the gym. The back entrance is darker and may not be as safe as using the main entrance with cameras.
- Mr. Bermudez inquired other than a suspension what else can they do.
 - Mr. Clark noted the following can be used for offenses: the restitution process, the trespassing process, and suspension with includes restitution in addition to reporting the incident to the police.
- Mr. Koncar suggested holding the parents responsible for the youths who used their cards to access the community to commit criminal activity.
 - Mr. Bermudez agreed that any residents with guests/visitors who commit offending activity should be held responsible. He agreed that the Board needed a strict policy.
 - Mr. Comas asked if there was any way to reprimand the three homeowners who authorized the visitors to use their cards to enter into the building. His concern is a possible increase in crime.
 - Mr. Bermudez addressed the invoice for the cost to clean the Clubhouse from the trespass incident noting it was close to \$1,000.
 - Mr. Clark noted that he could address the issue of misuse of entry cards and possible related damages.
- Mr. Clark explained that the rules discussed in May need to be changed. The changes to the rules could not be adopted today because they have to be on file for a certain amount of time before the next meeting occurs. He will take the Board's input and will draft a new set of rules to be sent for consideration at the next meeting.
- Mr. Gosdin agreed that the additional time would be beneficial.
- Mr. Comas inquired if they could suspend entrance to the amenities for the three owners at this time.
 - Mr. Clark noted he would support that. The Board needs to instruct him to send them letters for them to appear before the Board so they can be heard. They would

be invited to appear at the next meeting to explain themselves. They will need a motion to do and the names of the individuals on record.

Mr. Edgecombe MOVED to suspend the privileges of the responsible parties, pending their names and addresses and Mr. Nin seconded the motion.

- While the names were retrieved, the Board discussed the parking situation.
 - Mr. Clark noted it was a separate discussion, but they do have a parking rule that they have adopted and they Board can designate additional spaces.
- Mr. Werksman asked why the Board does not publish what is discussed in the documents that are published online.
 - Mr. Koncar noted that he could post the meeting notes online.
 - The Board concurred that the District could post the minutes online with the caveat that they as unapproved.
 - Mr. Koncar noted they can also email recordings to people who request them.

The prior motion to provide notice to the following individuals: Bernadette Cruz at 3027 Sangria Street, Maria Santiago at 3048 Sangria Street and Virginia Gonzalez at 3105 Via Otero Drive was approved.

- The District Attorney will send a letter noticing their issue and requesting they attend the next Board meeting to discuss.
 - Mr. Comas noted it suspends amenities and gate cards.

Tad's Towing:

- Discussion ensued on the contract which Mr. Clark noted he will revise as it is too simplistic.
 - Towing firm must have a lot within 15 miles of the District.
 - Two pictures of the violation must be taken to prove the car was there at the time it was towed.

On MOTION by Mr. Bermudez seconded by Mr. Gosdin, with all in favor, to enter into a private property towing agreement with Tad's Towing, LLC was approved.

- Two signs needed to be placed at the entrance and at the exit. The signs will state that any vehicle parked illegally will be towed and will provide the contact information for the towing company.
- Going to give option to patrol community with designated no-parking zone. With recreation, can only tow between the hours of 10:00 p.m. and 6:00 a.m.
- Discussion followed on additional areas to be designated no parking:
 - After passing the intersection of Puerta Del Sol and Camino Real, on the left-hand side at the first building the curb should be painted yellow.
 - Two-lanes out and two-lanes in and clearly marked.
 - At the end of Riachuelo where solar light poles were placed, they need to paint the cul-de-sac yellow.
 - Parking at the corners of Via Palma was discussed.

On MOTION by Comas seconded by Mr. Bermudez, with all in favor, to designate additional areas for curb painting and signage relating to no parking between the hours of 10:00 p.m. and 6:00 a.m.

- Mr. Clark noted as part of the contract the tow company will need to make sure they are familiar with the District's rules and will comply with that.
- Mr. Bermudez addressed a mandate requiring towed vehicles be reported to the police department.
- Mr. Clark reported the homeowner is on townhouse section with swing on CDD property he has sent letter with no response.
 - Mr. Comas asked if the swing set can be removed and a bill sent to the homeowner or do they need to send a harsher letter.
 - Mr. Clark noted the letter was sent on May 12th with a 14-day compliance, so he is fine if they want to remove the items from CDD property.
 - Mr. Comas inquired as to the procedure.
 - Mr. Clark noted once removed they should advise the homeowner where it is being stored and the cost to remove.

- Mr. Clark suggested having Mr. Blanco knock on the door provide the letter that was sent and that they remove it now or he will remove it.
- Discussion continued on a timeline for removal with it being noted 24-hours is sufficient as the compliance period provided has passed.

SIXTH ORDER OF BUSINESS District Manager's Report A. Approval of the Minutes of May 11, 2021 Meeting

On MOTION by Mr. Comas seconded by Mr. Nin, with all in favor, the minutes of the May 11, 2021 meeting were approved.

B. Financial Statements

- Mr. Koncar noted the financial statements are included in the agenda package and inquired if there are any questions.
- Mr. Bermudez inquired that since a portion of the emergency fund was used two weeks ago, will it be replaced or in the case of another emergency, will we be out of funds?
 - Mr. Koncar noted that if there is not a line item on the budget, then money in unassigned funds can be used in the case of unanticipated events.

- Mr. Comas requested a time change for March 8th to 5:00 p.m. and May 10th to 1:00 p.m.
- Mr. Gosdin stated that May 10th is labeled as the "tentative budget" meeting, so the Board should anticipate public participation. He believes May 10th should remain at the original time slot of 5:00 pm.
 - Mr. Koncar explained that the public hearing for the budget would be in July, so public participation should be anticipated for that meeting and should be scheduled for 5:00 p.m.
- Discussion followed on the need to have meetings in the morning and in the afternoon. Retirees in the community had complained about being busy in the afternoons. They had asked the Board to conduct one meeting in the morning and one meeting in the afternoon to accommodate people who work. Consequently, the Board accommodated the public with the two different meeting times.

MOTION by Mr. Bermudez seconded by Mr. Comas, with all in favor, the annual schedule as amended for the May 10th meeting from 5:00 p.m. to 1:00 p.m. and the July 12th meeting from 1:00 p.m. to 5:00 p.m. was approved.

 - Mr. Clark noted they are a TOHO contractor.
 - Mr. Blanco will commence the repairs and will bill TOHO because their contractor damaged the sprinkler.
- Mr. Bermudez asked since the company is moving the heavy equipment in from that location and another company will be moving heavy equipment into the location, what if the sprinklers get broken again? He was informed that in that case, TOHO would still be responsible for the damage.
- Mr. Blanco noted there was a proposal to pressure wash the Clubhouse roof included in the package.
- After the last rain the roof did not have leaks.
- Mr. Armans noted tile work can be really sensitive and people walking on it can break it, to make sure the Board gets thorough before and after pictures.

- Mr. Blanco expressed concerns about the new system. The current computer has Windows 7.
- Mr. Gosdin noted Windows 7 has not been supported for a few years. The system is obsolete. If the computer gets a virus, there is no support. He suggested obtaining a current machine with a current operating system.
- Mr. Koncar recommended a cloud back-up system instead of a hard drive so that it can be accessed from anywhere.

- Mr. Comas expressed concerns that the warranties are from the manufacturer and not from the vendor.
- Mr. Gosdin noted they need to make sure if they will provide a warranty from them and not the manufacturer.

On MOTION by Mr. Gosdin seconded by Mr. Nin, with all in favor, the proposal from Servusat for computer to provide an upgrade to the card access system for a total cost of not to exceed an amount of \$2,500 with the addition of a cloud backup system (drive) and Mr. Gosdin to work with Inframark to get the best system in place was approved.
